In the Foundation Stage, our children learn mostly through play. Each child is unique and we support individual children to achieve the next step in their learning through first hand playful experiences. By working with your child, talking to them and observing them in play we can better understand their interests and learning needs and then plan activities accordingly. Specific subjects, such as phonics, are taught to either the whole class or in small groups. We follow the Early Years Foundation Stage Statutory Framework which sets out the requirements of the Early Learning Goals and the stages that need to be met in order to achieve them.

The Prime Areas of learning are:

- Personal, Social and Emotional Development)
- Communication and Language) Nursery
- Physical Development)

The Specific Areas of learning:

- Literacy)
- Mathematics) Reception
- Understanding the World)
- Expressive Arts and Design)
