

Year 1 - Home Learning Tasks

In the summer term, Year 1's topic will be Chingford. We will be looking at the geography of our local area.

Here are some activities you can do together as a family.

- D&T Activity:

Using recycled materials, create a model of your house.

- Geography Activity:

Draw a map of your walk to school. Try to include landmarks, roads, houses and buildings you see (postbox, shops, zebra crossings, traffic lights etc)

- Art Activity:

We are looking at the artist. Barnaby Barford. You can use the internet to find out information about him. Use paint or colouring pencils or paper or playdough or pipe cleaners (ANYTHING!) to create a tree like Barnaby's art the 'apple tree'.

- History Activity:

Johnthan Ive was in Chingford. He is the chief designer at Apple. (He designed the Iphone!).

Use the internet to find out information about this local hero and design your own watch. You can be as creative as you want!

- Science Activity:

Sketch an animal that you may see around your home or in your local area.
